Sigma Chi at the University of Arizona · Summer 2011

Homecoming 2011 - Nov. 4-6

Join us for Homecoming 2011 as the Beta Phi Chapter celebrates 90 Years of EXcellence at the University of Arizona.

We are pleased that Grand Pro-Consul Mike Greenberg will be the featured speaker at the Friday banquet. Circle November 4-6 and join good friends for a fun-filled Homecoming weekend at the Westin La Paloma Resort in Tucson. Last year's event drew more

than 150 Beta Phis, spouses, friends and others.

In recalling last year's Homecoming, Jon Underwood '64 remarked, "It was a wonderful weekend. It is always a pleasure to catch up with old friends and meet some of the terrific undergraduates who have distinguished themselves so well on campus."

The Tucson Alumni Chapter of Sigma Chi has set up a fun-filled weekend for returning brothers, spouses, significant others and girlfriends. They include:

- An opportunity to play in the UA Athletics Golf Tournament Friday morning
- Participation in the annual Hall of Honor ceremony and banquet Friday evening
- Attend the Homecoming parade and lunch at the Beta Phi house
- Watch the Wildcats and Utah football game at the stadium
- Relax with good friends and enjoy the extensive resort facilities.

Rooms are \$169 a night – a real bargain. That includes free parking, golf discounts, lovely pool facilities, and a beautiful environment. Make your Sigma Chi reunion reservations at the resort's Website <http://www.westinlapalomasort.com/> or by calling (520) 742-6000 or (800) 937-8461.

90 for 90

From left, Brothers Chuck Colton, Bill Gibney, Jack Wright, Dennis Harmon, Steve Schuyler get ready for some barbecue.

About 90 Beta Phis and their guests on April 30 attended the 90th anniversary celebration of the initiation of the chapter at the University of Arizona.

Brothers attended from as far away as Connecticut, Montana, Missouri and California to celebrate the chapter's anniversary at Brother Bill Gibney's house in the Phoenix foothills. Representatives from the decades of the 1940s to the '10s enjoyed the festivities. Steve Schuyler, president of the Tucson Alumni Chapter of Sigma Chi, gave a presentation on the history of the chapter and read a copy of a letter from Sigma Chi headquarters dated March 1921 informing the colony that it had been accepted into Sigma Chi Fraternity and to prepare for initiation and installation on April 23, 1921. Go to our website at www.uasigmachi.org and click on "About Us - Beta Phi History"

Jon Underwood also discussed the progress on the campaign to raise funds to build a new chapter house. (See a related article elsewhere in the newsletter.) Among those attending was the new Beta Phi Consul Jon Eastman, who told Schuyler that he enjoyed meeting past Consuls and other alumni and wives.

"Special thanks to Brother Gibney and his lovely wife, Cheryl Parker. They graciously volunteered the use of their charming home. It was a lovely setting for the brothers to gather," Schuyler said.

Consul's Report - Jon Eastman

As the school year comes to an end, we reflect back on the successes of the Beta Phi chapter. We have reached a milestone of 100 active members, recently initiating 6 new members this past spring. In light of our continued growth, we have decided to cap our total membership at 120 to preserve the positive dynamics of our chapter.

This past year we were privileged to win the Dean Robert Svob award for the second year in a row. This award is given to the "best" fraternity on campus. Along with the Svob award we were honored for having the highest active GPA for the fall 2010 semester at 3.07. We were also recognized for having excellent performance in Chapter Management, Membership Education, Recruitment, Health and Wellness, and Academics.

Our members are involved in many different areas of interest in the University of Arizona community. We have three Brothers in Chain Gang, a Junior honorary society, and five Brothers in Chimes another Junior honorary. We also have one brother in Freshman class counsel. Dominick San Angelo served as ASUA Senator for the past year and brother Kevin Elliot has been elected to Senate for next year. In addition, Jackson Welch served as Freshman Class Counsel director and Dane Denby is completing his service as president of Arizona Ambassadors. We recently had five members selected as Arizona Ambassadors for the next school year.

This year we have been involved in many sorority philanthropies along with the Up til Dawn, Catwalk, and Take back the night, campus-wide events. We also participated in service projects for the Primavera Men's Shelter this past spring. This past spring we also hosted our second Derby Days philanthropy which was orchestrated and managed by Alex Romero-Wagner. We were able to raise more than \$14,000 for the Diamond Children's Center and the Steele Research Center in Tucson. This summer, we are honored to send two Brothers, Jake Broido and Michael Colletti, to Horizons, a week-long leadership program which is an exclusive Sigma Chi program. This program has been adopted by many fortune 500 companies for their own employees.

This past year, we have had 30 members in the mentorship program. This program has continued to prove successful for our graduating seniors by helping them network and gain access to the professional world. On behalf of the Beta Phi chapter, I would like to thank our alumni for their continuing enthusiastic support and contributions to our chapter. We look forward to an exciting future here in Tucson with our great alumni support, outstanding school relations, and quality undergraduate members. We have had a good measure of success this past year and we look forward to another successful year!

Executive Board - 2011-2012 School Year

Jon Eastman - Consul
Jimmy Donahue - Pro-Consul
Dom San Angelo - Annotator
Robby King - Magister
Alex Romero-Wagner - Risk Manager
Geoff Sokol - Philanthropy Chairman
Hunter Curtis - Quaestor
James Dillard - House Manager
Buddy Cheek - Social Chairman
Kyle McGillicuddy - Recruitment Chairman

Beta Phi's Men Tops on Campus Once Again

Eleven Sigs were selected for class honoraries. They were:

- Bobcats Senior Honorary: Kevin Cayton
- Mortar Board Senior Honorary: Jackson Welch, who was been elected president
- Chain Gang: Daniel Tellez
- Chimes: Geoff Sokol, Andrew Cusick, Kevin Elliott, Max Shatzen, Sam Strobe, Kevin Ablitt and JJ Swenson. Strobe was been elected president
- Sophos: Austin Welch
- Eleven Beta Phis became members of college and national scholastic honoraries. They were:
- Phi Beta Kappa National Honor Society: Taylor Reak
- Blue Key National Honor Society: Jordan Hongo, Dane Denby, Kevin Cayton
- Golden Key Honors Society: Todd Torabi
- Beta Alpha Psi: national accounting honors fraternity- Jordan Hongo
- Scholars in the house: Camron Viscaino and Juan Rubio, Hispanic National Merit Scholar; Dominick San Angelo, James A. Baird Foundation Scholar; Sam Strobe and Donovan Harris National Merit scholars.
- ALPFA: Association of Latino Professionals in Finance and Accounting: Alex Romero-Wagner, president and Camron Vizcaino vice president

Beta Phi Sigs were leaders in campus activities. Among those serving were:

- ASUA (student government): Kevin Elliott, ASUA student senator, and Austin Welch, marketing director
- Arizona Ambassadors: Dane Denby, Taylor Reak, Austin Vizcaino, Jackson Welch, Mat Lowe, Donovan Harris, Austin Welch, Ronjay Quibla, and Kevin Elliott.
- Greek Standards Board: Dane Denby
- Order of Omega Greek Honorary: Matt McLennan was elected president
- Inter-Fraternity Council: Michael Colletti, president, and Todd Torabi, philanthropy chairman

The Sigs also were awarded the Robert Svob Award as the outstanding fraternity or sorority on campus. And they won the coveted Peterson Significant Chapter Award as one of the most outstanding chapters in the international fraternity.

Additionally, the chapter had a 3.07 grade point average, the highest of any fraternity on campus.

They also were recognized by the fraternity and sorority programs for excellence in the area of chapter management, membership education, recruitment, health and wellness, and academics.

Sweetheart of Sigma Chi 2011

Beta Phi's 2010-11 Sweetheart Christina Clasby, president of Alpha Phi sorority, is surrounded by some of the Brothers.

Chapter Makes Its Mark at UA's McGuire Center

Three Beta Phi Sigs will graduate from the McGuire Center for Entrepreneurship in May, and three more have been accepted into the prestigious program at the Eller College at the University of Arizona.

Graduating will be Benjamin Eastman of Mequon, Wis; Josh Constanti of Lexington, Mass; and Kyle Roche of Fort Collins, Colo., while gaining admission were Dane Denby of Springfield, Ill.; Jordan Hongo of West Linn, Ore.; and Camron Vizcaino of Chino Hills, Calif.

The entrepreneurship program was established in 1984. One of the first university-based centers for entrepreneurship, the center is one of the few to consistently maintain top-tier national ranking.

Rankings and awards include No. 2 in public undergraduate and No. 1 in public graduate nationally by Entrepreneur / Princeton Review; No. 6 globally by Financial Times; No. 4 among public undergraduate programs and No. 6 among public graduate programs by U.S. News and World Report; National Model Program by United States Association for Small Business and Entrepreneurship; and NASDAQ Center for Entrepreneurial Excellence.

The program is open to graduate and undergraduate students from across the university, a variety of elective and stand alone courses, robust research agenda, and a rich community service mandate, said managing director Sherry Hoskinson. The Center is committed to enabling and advancing entrepreneurial goals of all university populations, and to advancing the understanding of the influence and role of entrepreneurship in both the business and academic communities, she said.

Significant Alumni News

Buckley Named Significant Sig

Dr. Donald C. Buckley, Beta Phi '78, a Cincinnati cardiologist and a former chapter pro consul and consul, has been named one of 65 Significant Sigs by the Sigma Chi International Fraternity.

Buckley, 55, graduated from the UA with a bachelor of science degree and from the UA medical school in 1982. He completed his internship and residency at Ohio State University.

He is medical director of Open Heart Surgical Services and chief of staff-elect of Mercy Anderson Hospital in Cincinnati.

In addition to his work as a cardiac, vascular and thoracic surgeon, he also was cited for his community service, which includes the American Heart Association Board, the Cincinnati Police Department Citizens Police Academy, the FBI Citizens Academy, the Walnut Hills Soup Kitchen and Forest Hills Schools Community Education instructor. Buckley also is a member of the alumni board of the Cincinnati chapter of Sigma Chi.

Valeski Receives Two Honors

Terry Valeski, '68, was inducted in the Arizona Daily Wildcat Hall of Fame on March 26 in ceremonies held at the Marriott hotel near the UA campus. He also was appointed executive in residence in the marketing department at the Eller College of Management at the University of Arizona.

Brother Valeski was the school newspaper's business manager during the 1967-68 school year. "When I took over a business manager for the Wildcat, we took it to becoming a daily for the first time. I hired a bunch of my Sigma Chi brothers to sell space and some of them paid their way through the UofA with that. Pat Alexander was publications director then working for Bumps Tribolet. Her husband, Dick, was the entertainment editor for the Star. So, as teens at the UofA, my wife and I got to meet and have dinner with all the movie stars in town to make films, including Paul Newman when they made "Hombre".

Valeski is executive chairman of the board of Advent portfolio company, Aircom International. He was also on the board of Advent portfolio company MACH, a leading global provider of inter-operator billing services, and advises Advent on telecommunications sector investments. Terry is an operating partner for Advent International Private Equity.

He also is vice chairman of T-Mobile in the Czech Republic and a director of Ceske Radiokomunikace, the Czech broadcast transmission business. He is an adviser to Ernst and Young M&A Group, London.

He has served on the Board of Intellisync (NASDAQ) and Sonim Technologies. Over the course of his operating career Valeski has launched and operated five different wireless operations in as many countries. Companies he has worked for include Eurotel Praha (as CEO); BT Wireless; Blu (BT Joint Venture Italy); Telfort (BT Joint

Venture Holland); British Telecom; Pacific Bell Mobile Services (US); Atari Corporation-US (Consultant); Mattel Inc.; IN TV Corporation (US) and Teledyne Waterpik (US). He began his career at J. Walter Thompson advertising as a senior VP.

Valeski has remained active with his alma mater as a member of the National Board of Advisors to the dean of The Eller College, an Executive in Residence for Eller, a member of the Sigma Chi Alumni Association Executive Board and a member of Sigma Chi Hall of Honor.

Underwood Named Top Alumnus

Jon Underwood '64, was honored during Homecoming festivities Oct. 22 as the Eller College of Management's Alumnus of the Year.

Similarly, his wife, Tammy, who was the chapter's Sweetheart of Sigma Chi in 1964, received the College of Agriculture and Life Sciences Alumnus of the Year Award. The award is given "for their unique and demonstrated commitment to the college's success and mission through professional achievement, service or support."

After graduating with distinction with a Bachelor of Science Degree in business administration, Brother Underwood went on to receive his Masters of Business Administration from the University of California Berkeley in 1966.

Brother Underwood retired two years ago as president of Desert Mountain Properties, which now has an 8,000+ acre residential community of homes and world-class golf courses and club facilities in Scottsdale. He has served on the Eller College of Management National Board of Directors, once as chairman, the UA Presidents Club, the UA Foundation Board of Directors and Campaign Arizona Presidential Leadership Team.

"The UA and the Eller College are both important to me," he told the college's alumni magazine recently. "I learned and grew up a lot during my time there. When we got back in the area, I wanted to give back – not just to be a good alum, but to help some students if I could, in the same way that I was helped as a student."

Johnson Writes Sixth Book

Jim Johnson, '61, will have his sixth book published next spring, called "Double No-hit: Johnny Vander Meer's historic night under the lights." The book, to be published by the University of Nebraska Press, focuses on the back-to-back no-hitters that Vander Meer pitched in 1938, the only time that has happened in major league history.

Johnson retired as journalism professor at the University of Arizona in 2003. He also is the co-author of a biography of Significant Sig Morris K. Udall and a book that features Significant Sig Barry Goldwater as one of 21 noteworthy Arizona politicians. He is now writing a biography of the acclaimed Southwest artist Ted De Grazia.

Beta Phi Sports History Project Progress

The Beta Phi Sports History Project has made considerable progress over the past six months under the leadership efforts of Jerry Tolle, Linn Wallace and Lisle Payne.

“From an historic perspective, our research efforts indicate that approximately 300 Beta Phi athletes were varsity sports lettermen that played on University of Arizona athletic teams,” Tolle said.

Tolle and Wallace were varsity baseball lettermen who played for varsity coach Frank Sancet, a Beta Phi, during the 1955-60 time period.

“Frank Sancet, Bruce Larson and Limey Gibbings were all Beta Phi Sigs that served as Varsity Head Coaches during the 1945-65 time period,” Wallace noted.

Tolle and Wallace also noted that while a number of Beta Phi athletes were All Americans or achieved national champion status, only Roger Johnson achieved All American status in two sports – basketball and baseball.

In late February a Sports History Steering Committee was formed to review the Sport History Project Goals and to determine the best means of presenting the background information collected during the research process. Committee members Jim Corbet, Rick Fried, Alan Hall, Dave Knott, Lance Long, Richhard Pesqueira, Jim Ward, Jack Wright and Kirk Young have been active participants in the discussion process. The Steering Committee meeting discussion in April has led to the following conclusions:

Sports History Project Goal: To provide Beta Phi Alumni, undergraduates and future guests to the new Beta Phi house with an interesting and historic perspective of Beta Phi sports history. The sports history project will involve attractive display cases and sports memorabilia which will be displayed in the public area of the new Beta Phi house. In addition to historic team photos (baseball, basketball, football and polo) from the 1930's and '40's, the display cases and certain wall areas will be focused on the following:

1. Beta Phi varsity sports lettermen recognition: All lettermen who received a varsity letter when they attended the University of Arizona will be recognized. Those athletes who played multiple sports, received special recognition for their playing skills or acted as team captain will receive special recognition;

2. All American/national champions recognition: Athletes in this category include Tom Clarkson, Russ Gragg, Jim Donarski, Alan Hall, Roger Johnson and Seth Pepper. Photos of these athletes and descriptions of their achievements will be on display;

3. Beta Phi varsity sports coach recognition: Limey Gibbings (varsity track and swimming) Bruce Larson (varsity basketball) Frank Sancet (varsity baseball) were successful Beta Phi varsity coaches. A description of their coaching activities will be accompanied with appropriate pictures of their teams and track records;

4. Special Donor Plaques: Adjoining the sports history display cases will be a set of attractive plaques on display. The plaques will provide donor recognition for those donors that helped plan and fund the Sports History Project;

5. Intramural championship sports banners: In addition to the varsity athlete and coaching recognition displays, it was suggested that the Beta Phi dining room walls be considered for the display of the popular historic intramural championship banners.

It is anticipated that members of the Sports History Steering Committee will be meeting with the Sigma Chi Building Corporation Board in May

to discuss the current Beta Phi house construction plans and to review the Steering Committee recommendations. It is anticipated that the initial Sports History Project funding efforts will be undertaken in June following the completion of the first phase of the Beta Phi House Capital Campaign.

Roger Johnson drives past a Long Island University player in 1952

Roger Johnson and UA basketball coach Fred Enke

Letter to Parents: Robin Winters '89 - Chapter Advisor

As we approach the end of the school year the Tucson Sigma Chi Alumni Chapter would like to communicate to you that we are particularly pleased with the progress that your sons have made.

As parents we are all aware of the challenges faced by high school seniors as they begin their college journey and arrive on campus as freshmen. The friendships that they make and their classroom experiences are critical to building their self confidence during this time period. The sophomore and junior years are likely to involve moving out of a dormitory environment, selecting a major and starting to think about a career strategy in their junior year.

The junior year oftentimes involves participating in summer internships, and some initial visits to the career placement center. As we can all recall, the senior year appears to arrive without proper notice as our sons prepare personal resumes, practice mock interviews and start to go through the job interview process. During the past two years the difficult economic environment has made this a challenging task for our sons.

We believe that one of the critical roles of the alumni chapter is to provide a healthy college environment for your sons. This responsibility initially starts by having our alumni work closely with those undergraduates that have been elected chapter officers. As many of you are aware, the chapter officers participate in an annual training program prior to the beginning of the school year. In addition, the alumni chapter adviser and other alumni are actively involved in the annual rush activities, the pledge initiation program and monthly meetings with the undergraduate officers. In addition, during this past year, an alumni mentoring program was made available to those junior and senior undergraduates that were seeking career planning advice and wanted to meet with individual alumni to discuss specific industry opportunities.

In this letter we would like to provide you with some undergraduate background information on the following five subjects that we hope you will find helpful:

1. Chapter Membership Size: We currently have 105 undergraduate, actives and pledges, who are affiliated with the Beta Phi Chapter. This year there was a fall 34 pledge class of 34 and a spring class of eight pledges. As you are aware, each of the

pledges is assigned to an upper classman that will serve as a pledge father and be a helpful resource to him during his initial year on campus. At the end of his successful pledging period he will participate in an initiation and become an active member of the Beta Phi Chapter.

2. Chapter Academic Performance: The Beta Phi Chapter is currently one of the top ranked fraternities on campus in terms of academic performance (GPA Number?) The fraternity has several National Merit Scholars in its membership and has had members participate in the Phi Beta Kappa Honorary in the past. Academic performance is a critical element that is carefully evaluated in selecting Beta Phi Pledge candidates.

3. Chapter House Living: Forty-one actives reside in the Sigma Chi house on campus. Regular meals are served to all fraternity members and chapter meetings are held weekly in the house. The cost of renting at the house is comparable to dormitory rates and less expensive than apartment rentals.

4. Derby Days: The annual Derby Days event functions as an action-packed fundraiser for worthwhile non-profit groups. This year over 700 sorority members participated in the event-involving individual skits, a massive T-shirt signing project and group competition as well as other activities. We raised over \$14,000, which was donated to the Diamond Children's Hospital and the Steele Children's Research Center at the U of A.

5. Chapter Advisory Roles: As noted previously, the alumni chapter provides ongoing advisory resources to the Beta Phi undergraduates. Robin Winters (current chapter advisor) Steve Schuyler (president, alumni chapter) and Jim Campbell (Sigma Chi Building Corporation president) all have ongoing relationships with the undergraduates. In addition, the recently introduced alumni chapter mentoring program for the junior and senior undergraduate members has been very popular.

Please feel free to call on Robin Winters, Steve Schuyler or Jim Campbell if you have any questions that you would like to have addressed. We are looking forward to meeting the parents at the annual Parents Weekend this fall or at the Homecoming festivities that are planned for the Nov. 4-6 weekend.

Alumni Chapter News

The Tucson Sigma Chi Alumni Chapter had an eventful year that culminated May 4 with a Senior Send-Off Celebration that honored 15 graduating Beta Phis.

Alumni chapter president Steve Schuyler presented each graduate with a plaque containing the Sigma Chi Creed. Each senior gave a short statement about their after-graduation plans and what Sigma Chi meant to them.

Another celebration highlight was the presentation of Significant Sig documents to Dr. Robert F. Acker, Indiana '42, the retired executive director of the National Foundation of Infectious Diseases and the American Society of Microbiology. Acker lives in Tucson.

Alumni chapter meetings will resume on Sept. 15 with a sports-oriented luncheon

(Alumni Chapter News Continues on page 7)

meeting at the UA Hall of Honors situated at the north entrance of McKale Center. The tentative program includes a visit from UA athletic director Greg Byrne who will be introduced by Brother Dana Cooper, an account executive for IMG and Arizona Sports Marketing. Byrne is expected to talk about UA athletics for 2011-2012 as well as news about physical plant expansion and new media contracts.

Also on the program will be a presentation of the Sigma Chi Sports History Project, which will be incorporated into the proposed Beta Phi Chapter. We will be honoring the more than 300 lettermen, 10 All Americans and three legendary coaches who belong to Beta Phi.

In April Arizona Supreme Court Justice John Pelander was the featured speaker. He addressed the Sigs on the structure of the state court system, how it works and its relationship to federal courts and the federal government.

In February, the chapter heard from Robert Lusch, executive director, McGuire Center for Entrepreneurship, in the UA's Eller College of Management. Former Eller college students gave

presentations of new businesses that they had developed. In late November, the chapter meeting featured University of Arizona professor Hope Schau, who talked about the impact that social media are having on the consumer and the business opportunities that are being pursued by players like Facebook, Zynga Games Network, Playfish and Electronic Arts.

Also in October, the alumni chapter hosted the Homecoming celebration, which included inducting four Brothers into the Beta Phi Hall of Honor. More than 150 Brothers and their guests attended the festivities.

The September meeting featured a sports history program to kick off a campaign to identify the more than 300 Beta Phis who were lettermen at the University of Arizona. Arizona Daily Star sports columnist Greg Hansen was the featured speaker.

The chapter has 45 members who actively participate in educational and social programs during the school year. In addition, it has a successful ongoing mentoring program involving the Beta Phi undergraduates..

Beta Phi New House Campaign

As you may have heard from other Beta Phi alumni, we have made significant progress in the New House Capital Campaign this past quarter and have now successfully completed the 300 Donor Phase of the capital campaign.

Completion of 300 Donor Phase of Campaign

During the past ninety days, our fund raising efforts have resulted in approximately 150 new donors making pledges and our total campaign participation has increased to 325 donors. Thus, we have been able to exceed our 300 Donor Goal that we had established under the "skin in the game" marketing theme for this phase of the campaign. Look on page eight for list of all donors.

We are particularly pleased with the number of new donors from the 1980 and 1990 decade classes as one of our critical campaign goals was to broaden our campaign support. In addition, over the past thirty days, we have received growing support from the 2000 – 2010 decade classes as well as from Sigma Chi Alumni that are living in Arizona and participating in the Tucson Sigma Chi Alumni Chapter.

Initiation of Major Gift Phase of Campaign

The Campaign Steering Committee will be initiating the "Major Gift Phase" of the Campaign in September in order to achieve our current \$3,000,000 campaign goal. The 300 Donor Phase of the campaign was focused on campaign participation and a "skin in the game" fund-raising strategy. At the current time our past fund-raising efforts have resulted in approximately \$1,500,000 of pledges & donations. The "Major Gifts Phase" of the campaign

will be focused on a "Major Gift" fund-raising strategy which will be coordinated by the Major Gifts Committee. We will be focused on completing the campaign in 2011 in order for the construction of the new house to begin in the first quarter of 2012. As you may recall, our plans are to have the undergraduates occupy the New House in the fall of 2013.

Our Major Gift funding objective will be to achieve \$1,750,000 – \$2,000,000 of new donations in order to facilitate our goal of covering the anticipated construction costs of the "New House" and to provide additional working capital reserves. The "Major Gift Phase" strategy will be coordinated by the Campaign Steering Committee and involve a Major Gifts Committee that will be working directly with potential donors.

We want to thank everyone for their financial support. In particular we want to thank those Brothers that have assisted in the campaign fund-raising process. Our goal of preserving the longevity of the Beta Phi Fraternity in Tucson is an important one and the construction of the "New House" is critical in achieving this objective. As we are all aware, our lease at the current house that is being occupied by the undergraduates terminates in the spring of 2012. All of us recognize what needs to be done over the next six months.

It will be very difficult for Beta Phi to compete with other fraternities without having access to a house. We have a terrific group of under-graduates, a viable Tucson Alumni Chapter and we have now achieved significant new donor participation in our campaign. We look forward to your continued support in making our campaign efforts successful.
